d beside the window, at her knitting lie bakery, and these bakeries give them was homely work-you'll laugh at all my But when her work was ended. stocking ribbed and brown.

Thus she ponderel—"If each loop of this my knitting was a thought,

And each worsted strand a fancy, what strange lesson would be taught.
For the future from my knitting? as I con it

o'er again, is much used, and in this I thin for the secrets of the future from the tangles Germans are decidedly sensible. There are woven dreams in knitting, and there's many a girl will look.

To the clicking of her needles, on her knitting as a book.

To the clicking of her needles, on her knitting as a book.

To the clicking of her needles, on her knitting as a book. bread and a little light wine, hardly more than a little vinegar and water,

As they rattle on so gaily, I am blithe and of good cheer.

And anon a loop has fallen—and I wipe away a tear. With the snapping thread how often has my darling left in pain;
As I join the yarn, in fancy he has come to kiss again.
All the loops are chains of thought, som

hright as sunrise on the wave,
And while some brought balm to sorrow,
some were darksome as the grave.
All the strange tales of my childhood they
came back to me once more,
The old rhymes of geome and fairy, and They were swept into oblivion at the

ing of the thread.

And I felt my heart was breaking as m needle snapped in twain-Twas an omen for the future of disaster doubt and pain. And I heard again in fancy all the tende words and vows
That I heard from gallant levers with the
rose-flush on my brows:
They were sweet words of devotion, and my

heart was very proud, and they came from out my he they slept as in a shroud out my knitti As the lithe, small hands were idle, so the maiden, to my mind,

'hought and spoke. In work, most homely

Thus grafted, they present a symmetrical, round top, thickly covered with fragrant and top, thickly covered with fragrant and be war within fity days, and that he find nane in this parish that'll put more beautiful flower-gardens. The the only man who can insure victory. They'll need compelling to do lady with a long train in the street, immediately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her love is so indominately to tread on the same with so for the object of her l in all windows in towns and cities. Southern Germany the people live exclusively in cities and towas, so that there are no houses seen in the country.

When a man lives in the town and has twenty of these little farms in different directions, no little time is lost in going from one place to the other. The cattle, horses, swine, chickens, etc., as well as the people, in these parts of Germany, inhabit the cities, and live Germany, inhabit the cities, and live ready has over a thousand specimens.

Solution of A Mystary.—Two genders intervened to prevent further hostilities.
